- Fast Touch Typing
- Control on Vercel and Vite softwares

ABOUT ME

I started my journey in web development in 2023 and completed my internship at Zaff Institute, where I built an E-commerce website as my project and received a certification.

After that, I worked as a freelancer, gaining hands-on experience in creating dynamic websites. Since October 2024, I have been working at Famefing Technologies as a Frontend Developer, where I develop various websites using React.js.

I am passionate about building modern, user-friendly web applications and always eager to learn new technologies to improve my skills.
